## Introduction

One of the frequently asked questions by churches and their members is “How do we help the homeless and working poor who come to our church?”

The staff of the Ecumenical Chaplaincy for the Homeless has gathered resources to assist Churches and other agencies in answering this question.

If you find other resources that are not listed in this manual, please forward them to us.

If you encounter errors or changes in services, please contact us.

Let us work together to fulfill Jesus’ command to love our neighbors.

Chaplain

## Where to Start

Many people are very nervous about being around people who are different than themselves. We do well to begin recognizing our fear and anxiety. This is normal. It can actually save our lives!

At the same time, we want to fulfill the command of God and the urge of human nature to reach out and care for the person standing in front of us. This is a good place to recognize the goodness of God's heart in us.

Beginning each day with a prayer to welcome God's spirit into our day and into each encounter is a good place to start.

Recognize that just as the woman's touch of his garment was recognized by Jesus as an opportunity for ministry (Matthew 9:18-26), so we are open to realize that even interruptions are divine appointments.

We also recognize that there should be some precautions that every ministry should take to ensure the safety of its staff, volunteers and adherents. Please see the section of this manual addressing safety.

Need is all around us. This manual focuses primarily on dealing with requests for aid that come to the doors of our churches or by telephone.

## ALERT!!!

Always check to make sure that phone numbers and addresses are accurate. Nothing is more frustrating than to call out of date numbers and agencies who have moved or are no longer in existence. At the time of the publication of this manual (June, 2019) telephone numbers and addresses were accurate.

---

## What about safety?

We have all read or heard the stories of people being hurt and even killed while engaged in trying to help a person seeking aid.

Here are several suggestions:

1. Environmental Scan –
    - a. Lighting – is the ministry area well-lit, inside and out?
    - b. Access – We want to be welcoming yet, we want to be careful. (Safety is as much for the person ministering as the person being ministered to.) Many churches have installed door bells at the front door. These are only as good as arrangement that comes after this in the building. I have been to churches where there was no separate reception area. Anyone has access to the rest of the facility immediately after the front door is opened. Local police departments are excellent resources for an environmental scan (interior and exterior).
  2. Do not be alone. There should be more than one person in the ministry area at a time. Again, this is as much for the protection of the visitor as it is for the ministry person. If you cannot have 2 or more staff, it is better to post a note at the front door explaining that services are not available at this time.
  3. Cameras – Cameras are controversial for some people. Expense is no longer an issue. At the same time, safety for all concerned is important.
  4. Do not serve in the community alone. A few years ago, a woman I knew was murdered as she delivered a food box in the neighborhood. Always take some one if called out to minister in the community.
-

**The Two Questions  
to ask every person experiencing homelessness**

Many people do not know how to respond to a homeless people.

What do I say?

Here is what not to say:

“Get a job!”

“Get away from my business.”

“Get off my property!”

What can I say?

**First question:** “Do you have a state I.D.?”

Why is this important? There is no way out of homelessness if you do not have identification documents.

Refer the person to the Homeless I.D. Project. This program has a permanent location at the Human Service Campus, 204 S. 12<sup>th</sup> Ave. They also offer I.D. at various locations in Maricopa County.

Homeless I.D. Project - 602 - 223-3427

**Second question:** “Are you looking for work?”

Most people will say, “Yes.” (They may also say, “I am looking for a job.”)

Your response: “I am excited that you are looking for a job. I have another question, “Do you have a white shirt, a pair of black pants and a pair of black non-skid shoes?)

“I don’t have that.”

---

Your response: "Do you think you can take an hour for an orientation at St. Joseph the Worker so that when you get that job you can take your letter to them and they will help you get the clothes you need for the job."

St Joseph the Worker does not take referrals at their main office at the Human Service Campus from the community, however, they have offices in various places in Maricopa County. Call 602-417-9854.

## Determining Need

Raquel is busy in her office when a man walks in. "I need gas money so I can get to Los Angeles where my grandmother is dying." What should Raquel do?

Mitch is mowing the church lawn when he is approached by middle-aged man. It is quite clear the man has not bathed or had a change of clothes for several weeks. He smells badly. His teeth are badly in need of some attention. Haltingly and apologetically, the man asks, "Do you have some food? I have not eaten for a few days."

It is 2 o'clock on Friday afternoon. Betty is trying to put the finishing touches on the preparations for Sunday morning worship when her phone rings. "First Missionary Church," she answers. On the other end she hears a male voice, "My wife and I are on the street here. We got kicked out of our apartment two nights ago. We slept at a friend's house last night. We have nowhere to go tonight." Betty asks a few questions and learns the family of four is at a street corner in downtown Phoenix with their few possessions and their beloved dog.

These stories, all of which are actual encounters, create anxiety, desperation, and possibly guilt.

Here are some thoughts:

1. We may not be able to help everyone; however, we can point them to those who can help.
  2. There are those who may try to take advantage of our Christian motivation to help. In the end the resources we will use to help the needy person are not ours. We are stewards of what God has given us. What the person does with what we give them is between them and God.
  3. We should aim for long term solutions. We have all heard the saying, "You can give a man a fish or you can teach him to fish." Long term solutions will lead to dignity for the one in need.
  4. There is not a one-size fits all solution to each person or family seeking help.
  5. There are times when we will have to step out in faith and give aid, trusting the results to God.
  6. Keep a up-to-date list of resources – this is the purpose of this manual.
-

Here are some possible responses to the scenarios on the previous page:

1. "I need gas....."

- a. Do not give money for the gas.
- b. If you feel the need is genuine, ask the person to follow yourself or another church staff member to the local gas station and fill their tank.
- c. The above offer will often determine the genuineness of the need. If the person insists on money, refuse and send them on their way.
- d. If it is not the policy of your church to pay for gas, refer the person to the resources found in this manual for transportation.

(Sad to say, there may be legitimate stories like this in our community, unfortunately, many of us have learned "This is the oldest scam around.")

2. "I am hungry..."

- a. It takes a lot of courage to come onto a church property to seek help. The need appears genuine and sincere.
- b. If you have a small food pantry, you may want to give him some items he can use to make a small meal.
- c. Some churches have sandwiches, fruit and cookies or snack bars handy for situations like this.
- d. This is an opportunity for a conversation about the person's circumstances. Some will share freely; others are more self-conscious.
- e. If the person expresses a desire to improve their circumstances offer them resources where they can begin life anew.

3. "My family and I need a place...."

- a. This situation is currently one of the most difficult because of the lack of shelter beds for families.
  - b. See the section housing in this manual.
-

## Basic Needs

### (Hygiene Kits)

One of the ways a church can help the homeless and working poor in a practical manner is to provide the basics of human survival beyond food.

Many churches and agencies provide a bag filled with items a person needs for personal care.

The following items are recommended for such a hygiene kit:

- 1) 1 Gallon Freezer Zip Lock Bag
- 2) 2 Bottles of Water
- 3) Shampoo
- 4) Conditioner
- 5) Lotion
- 6) Soap
- 7) Wash Cloths
- 8) Sox (1 pair)
- 9) Deodorant
- 10) Shaving Cream
- 11) Razors
- 12) Tooth Brush
- 13) Tooth Paste
- 14) Chap Stick
- 15) Comb
- 16) Nature Valley Granola Bar
- 17) Roll of Life Savers
- 18) Band Aid/Q-Tips Pkg (5 ea)
- 19) Kleenex Pkt
- 20) Daily Bread or devotional

For women add feminine hygiene items.

## **Shelter/Housing**

The most pressing need for people experiencing homelessness is finding a place to live.

A reality check: there are more homeless people than there are beds.

However, that does not mean that people cannot find a bed.

At the time of writing this manual, I, Chaplain Ron, encountered a young lady in one of our Bible studies. She told me that she had arrived in Phoenix on Sunday, the day before I met her. She told me that she did get a bed at Central Arizona Shelter Services (CASS) on Sunday evening. I informed her that she had experienced a miracle.

First, we recommend that **all** homeless people be referred to the Brian Garcia Welcome Center on Human Service Campus, 204 S. 12<sup>th</sup> Avenue. At the welcome center, they will be enrolled into the central data base that will help evaluate their severity of need. If they do not have documentation, they can be referred immediately to the Homeless I D Project. If they have family out of town who will take them in, the HSC can assist in transportation to their family.

Generally, the homeless are divided into several populations all of who require a specialized response:

### **Single Men**

+ Refer to Human Service Campus

+ Refer to Phoenix Rescue Mission – must be willing to commit to several months of program. Call to set up telephone interview.

+ Dream Center - must be willing to commit to several months of program. Call (602) to set up telephone interview.

---

## **Single Women**

+ Refer to Human Service Campus

+ Refer to Phoenix Rescue Mission – must be willing to commit to several months of program. Call (602) 688-6235 to set up telephone interview.

+ Dream Center - must be willing to commit to several months of program. Call \_\_\_\_\_ to set up telephone interview.

+ Women's Hope Center - provides many different services around Maricopa County - (602) 715-0999

## **Couples**

Couples are the hardest group of homeless to house because most programs require that the men and women live in separate residents.

## **People with pets**

Like many of us, the homeless are very attached to their pets. There are a few places that will take the pets while the person rebuilds their life.

Here is one resource: Our Pet Home Rescue - (602) 445-7387

## **Families with children**

All families must go through the Housing Hub:

The Family Housing Hub is located at 3307 E Van Buren St, Phoenix, AZ 85008. The hours of operation are Monday: 8:00 a.m. – 8:00 p.m., Tuesday-Thursday: 8:00 a.m. – 4:00 p.m.

## **Rental Assistance and Utility Assistance**

Obviously, if we can keep people in their residences, this is the best solution to ending homelessness.

## **Food**

First, the church must decide if it will provide food for the homeless and working poor. This is often determined by the size of the church. Larger churches may provide more services, although not always.

Second, the church must decide what kind of food program it will offer. There is no right or wrong way to decide this. Resources of time, talent and treasure often determine the nature of the program.

### **Emergency Food**

Storing non-perishable food for the occasional walk-in is easily accomplished. These items can often be obtained by having a congregational food drive outlining the items needed: peanut butter, small cans of meat, crackers, snack bars, and other easily stored food stuffs.

(This is not advertised service of the church unless the church determines to do the next option.)

### **Daily, Weekly or Monthly Food Distribution**

Many churches host weekly or monthly food distribution. These events are well-known in the community. The church collects food from local businesses, church attendees and local food banks.

Volunteers organize and staff the event.

The church needs to establish some policies for the distribution:

1. How often can a person or family come to receive a food box? Once a month, twice a month?
2. Will you ask for identification documents such an electric bill?
3. Does the person need to prove they have a home or place to prepare and cook the food?

Refer the person to other churches who provide lunches and food boxes.

## **Clothing**

First, the church must decide if it will provide clothing for the homeless and working poor. This is often determined by the size of the church. Larger churches may provide more services, although not always.

Second, the church must decide what kind of clothing program it will offer. There is not right or wrong way to decide this. Resources of time, talent, treasure and space often determine the nature of the program.

### **Emergency Clothing**

Some churches try to keep a few clothing items at hand for walk-ins. This can be a challenge due to sizes, gender, ages and tastes of those seeking help.

### **Clothing Bank with Regular Hours**

There is generally not a shortage of opportunities for people needing clothing to find clothes. The challenge is often finding certain items such as new under garments, men's belts and large sizes.

If the church decides to provide a clothing bank to the community it will need adequate space, decide how it will sort and clean donated items, how to dispose of unwanted items, and how to organize the closet.

If the church decides to provide a clothing bank, it will need to establish some policies for the distribution:

1. How often can a person or family come to get clothing? Once a month, twice a month?
  2. Will the person sign in?
  3. Will Identification be required? What kind of identification?
  4. How many items can a person take? (One item per person or one of each item, for example, one t-shirt, one pair of pants or a skirt, one jacket, etc.)

## Showers

One of the biggest issues for people living on the street is shower facilities.

If people are housed at a shelter, shower facilities are usually available.

A few churches do provide showers on an emergency basis. As with other services discussed in this manual the church will have to establish policies for offering showers.

There are few resources for showering when you live on the street.

Andre House offers limited shower hours in the morning and afternoon

## Transportation

There are generally three kinds of requests related to transportation: gas for a vehicle, travel outside of town, and bus passes.

As with any need assistance program, the church should develop some policies (make sure to write them down as staff and volunteers change over time).

First, will the church provide any assistance for travel of any kind? If so, what kind of assistance will we provide?

Second, if we provide transportation assistance, what are the limits of our assistance? One daily bus pass? How often can a person get assistance?

Third, what form of identification will we require? If providing gas assistance, driver's license, proof of registration are often minimum requirements.

### A. Gas assistance

If providing gas assistance, the church should have a few policies:

- a. What is our financial limit? \$20? \$40?
- b. How often will we provide assistance to the same individual?
- c. What identification will we require? Most agencies minimally require a driver's license (from Arizona or another state) and vehicle registration that matches the owner with the driver's license name)

### B. Travel outside of town

There are two agencies who provide travel for people experiencing homelessness.

- a. Human Service Campus – 204 S. 12<sup>th</sup> Avenue. The Human Service Campus has finances to help a person to relocate to another city. The person must provide a contact in the desired city so that it can be verified that the person is not going to be homeless when they arrive at the city.
-

For more information, call Cole at (602) 229-5155

- b. **Transient Aid Society** - Society of St. Vincent de Paul, 420 W. Watkins Road, **Phoenix**, AZ 85003. Phone. (602) 266-4673. The same rules apply as at the Human Service Campus.

### C. Bus passes

As you know Phoenix is a big city and nothing is close by. The transit system is greatly improved from 40 years ago when I arrived.

If you decide you will provide bus passes to individuals, you are doing a great service for the person.

The challenge is to identify need. Because this is a challenge most churches and agencies set a limit on the number of bus passes, they will give to one individual and how many bus passes they will make available a month to the community.

Non-profits including places of worship can receive reduced bus passes to distribute to the needy.

Here it is the program:

## **Medicines**

This issue does not seem to be as great an issue as in the past. The usual issue is not having enough money for the co-pay. If the person is on the Arizona Health Care Cost Containment System (AHCCCS), there are usually no co-pays or they are very minimal. If you don't have money, you don't have money.

## Rent and Utility Assistance:

### *If eviction from a rental property is a possibility, what can I do?*

Call the Tenant and Landlord Information and Referral Hotline at (602) 263-8856 or (800) 352-3792. Operators can answer basic questions on Arizona's landlord/tenant law and refer you to other agencies if you need more help, such as help with rent or mortgage payments.

If you live in the City of Phoenix and need assistance, please call the Landlord/Tenant message line at (602) 262-7210 and a counselor will return your call as quickly as possible.

For emergency situations involving Landlord/Tenant issues, please walk in to:

City Hall  
200 West Washington, 4th Floor  
8:00 a.m.-5:00 p.m., Monday-Friday

A counselor will assist you with the problem. The City of Phoenix Counseling Office holds monthly workshops on the third Thursday of each month. For reservations, please call (602) 256-3517.

### *If I rent, what rights do I have?*

If you rent, the Arizona Residential Landlord & Tenant Act applies to you. This law explains what rights and responsibilities landlords and tenants have. For example, it explains what to do when a tenant needs a landlord to make repairs and what a landlord needs to do to legally evict a tenant. Free copies of the law are available from the Arizona Secretary of State's Office in Phoenix, (602) 542-4086 or at the Lodestar Day Resource Center Housing Transition Program.

**REFERENCE GUIDE FOR SERVICES TO THE HOMELESS**

**André House Mission Statement**

André House is a ministry to the homeless and poor populations of the Phoenix area. Located in the heart of the Capital Mall District, we make our services available to hundreds of people in need every day.

André House was founded by two Holy Cross Priests in 1984, combining elements of the Catholic Worker movement with the charism of the Congregation of Holy Cross.

We dedicate ourselves to serving Jesus through others, as we are challenged in the Gospel, "I was hungry, and you gave me food. I was thirsty and you gave me something to drink. I was a stranger, and you welcomed me. I was naked, and you gave me clothing. I was sick, and you took care of me. I was in prison, and you visited me." (Matthew 25:35-36)

## Legal Services Homeless Court

If you have a fine(s) and/or warrant for a **misdemeanor in Maricopa County**, and you are involved in a social services program working to make positive changes in your life and towards ending your homelessness, you may be eligible for Maricopa County Regional Homeless Court, an alternative sentencing program that helps with your fines.

### **Eligibility:**

- You must be clean & sober for at least 30 days (and remain so for the entire process).
- You must be engaged in programs on the campus or other qualifying agencies for at least 30 days (job development, mental health, substance abuse recovery, housing programs, etc).
- You must be living in a shelter, halfway house, inpatient program, or transitional housing for a minimum of 30 days. (YOU CANNOT BE LIVING ON THE STREETS, OR AT AN OVERFLOW SHELTER).
- Felony warrants are NOT covered. We cannot hear Superior Court cases.
- **Fines must have been issued in Maricopa Country (Municipal and Justice Courts).**
- The Homeless Court Program covers court fines only: your community hours do not go towards restitution, probation fines, diversion classes, or MVD/towing fees.

### **To see if you are eligible and to apply:**

- Saturday 12:30-3:00pm, sign up at the LDRC front desk
- Call (602) 223-3422
- Email [szias@hsc-az.org](mailto:szias@hsc-az.org).

Homeless Court Hearings are held on the third Tuesday of each month at the LDRC. This is the final step in the process; you must have already been enrolled and completed the program to attend the hearing.

## **Probation**

**Tuesday 7:30-11:00am & 12:30pm-3:30pm & Thursday 5:00pm-6:30pm**

### **Services:**

- Questions about probation
- Connection to your probation officer

**Eligibility:** Anyone who is on probation or has questions about probation.
